Sole Source 21/22-L: Trak Engineering

Opened: June 22, 2021

The District will recognize Trak Engineering as the sole provider of Trak Fuel Management System, as stated in their sole source letter, as a result of no contests being submitted during this Sole Source. This Sole Source was broadcast nationwide to over 125 organizations.

Effective dates of this Sole Source are July 17, 2021 – July 16, 2022.

We will continue to recognize this for 1 year, at which time we will again verify this claim and post another Sole Source for those who may wish to challenge.

RE : Sole Source Justification

To whom it may concern:

In reference to your request for a "Sole Source Justification Statement" for the Trak Fuel Management System, our explanation is as follows:

Charlotte County Public Schools currently utilizes Trak Engineering's Fuel Management System Hardware and Software to provide the fleet secure access to the fuel supply. Trak Engineering, Inc. is the Original Equipment Manufacturer of all system hardware and is the sole source for replacement parts. In addition, the software is the only software on the market that is compatible with the hardware of Trak's Fuel Management System. Trak Engineering also provides a factory-trained team of field service technicians and programmers who are uniquely qualified to repair, support, and maintain your fuel management system hardware and software.

Please do not hesitate to call me if you should have any questions or require additional information regarding the above at (850) 878-4585 ext. 309.

Sincerely,

Eva Chester
Director of Operations
