[Budget Amendment No. 8](#)—Capital Projects Funds (December 1, 2020, through December 31, 2020)
[Budget Amendment No. 9](#)—Special Revenues Funds (December 1, 2020, through December 31, 2020)

7. [James Patterson Literacy Challenge Partnership Agreement](#) **(Wise)**

This agreement between the School Board of Alachua County and the James Patterson Literacy Challenge outlines systemic, ongoing professional development provided to administrators, coaches, teachers, and staff throughout the district to more effectively meet the literacy needs of students.

8. [Class Size Reduction Compliance Plan](#) **(Neal)**

Student class size is calculated annually based on the Survey 2 FTE counts, pursuant to 1003.03(2) Florida Statutes. This year, two schools are above class size. Alachua Elementary has reported class sizes in grades KG-3 with a class size average of 20.50 (instead of 18.0) and Hawthorne Middle High School is over class size in grades 4-8 with a class size average of 23.13 (instead of 22.0).

The district is required to submit a Class Size Compliance Plan no later than February 1, 2021, that explains the actions the district will take to ensure compliance in the following year.

9. [School Capacity – Controlled Open Enrollment](#) **(Neal)**

In accordance with Policies 5120.03 -- *School Choice*, and 7110 – *Facility Capacity*, each year, the Board will establish the capacity for each school in the District and the 90% threshold for controlled open enrollment. Policy 7110 requires capacity to be based on the most current Florida Inventory of School Houses (FISH) report, unless extenuating circumstances call for a different number. It is recommended that schools undergoing major construction/facilities update have their capacity set to zero for controlled open enrollment purposes. It is also recommended to eliminate Elementary School I from controlled open enrollment until district-wide rezoning occurs to ensure capacity will be available for students zoned to the school at that time (annual exceptions may be available based on the board decision regarding zoning and seats available).

Based on each school's projected enrollment and Board Policy, students timely requesting controlled open enrollment in schools will either be granted admission for the following school year or placed on a waiting list.

10. [21st Century Community Learning Centers \(CCLC\) Extension Applications](#) **(Caudle)**

Two applications to extend 21st CCLC programs have been prepared and submitted to the Florida Department of Education for approval. Extension grants will provide continued after-school and summer programming at five district elementary schools, to include Irby, Alachua, Metcalfe, Lake Forest, and Idylwild. 21st CCLC Programs provide high-quality after-school and summer academic support activities, tutoring, recreation, and other enrichment activities to students attending the program from January 2021 through the summer of 2022. Budgeted activities include salaries for program staff, materials and supplies, and other associated costs for operating the programs.

11. [K-12 Civic Literacy Booklist](#) **(Caudle)**

The purpose of this program is to help LEAs buy directly from the K-12 civic literacy booklist. Through funding awarded by the Florida Department of Education, school districts must purchase books from the K-12 civic literacy booklist. Books must be purchased in accordance with the booklist prioritization chart. From the total LEA allocation, each LEA shall provide an allocation of \$1027.00 to each charter school in their district.

12. [High-Quality Curriculum for Reading](#) (Caudle)

The focus of these funds is to support Local Educational Agencies, including Charter School Local Educational Agencies, with high-quality reading curriculum that is evidence-based, targeted to elementary schools with the greatest achievement gap, and implemented for K-3 students who have been identified with a reading deficiency or a substantial deficiency in reading and therefore receive Tier 2 or Tier 3 instructional supports.

13. [Certificate of Final Inspection for SBAC H1901 – Eastside High School HVAC Replacement, Building 15 \(Classrooms\)](#) (Wynn)

This project has been inspected by the project engineer and the facilities department staff. It is requested that the School Board authorize final payment to the contractor upon total acceptance of this project. Final contract amount is 1,322,308.20.
